PROFESSIONAL SUMMARY

Pursuing Integrated BCA + MCA at Galgotias University with strong knowledge of Java, Full Stack Development, SQL, Linux, OOPs, and Web Development. Skilled in developing software applications, Android projects, and machine learning mini-projects. Passionate about problem-solving, software engineering, database management, and modern development technologies. Seeking opportunities in Software Development, Java Development, Full Stack Development, and IT roles.

TECHNICAL SKILLS

• Programming Languages: Java, C, C++, Python

• Web Technologies: HTML, CSS, JavaScript, React.js

• Database Technologies: SQL, MongoDB, DBMS

• Tools & Platforms: Git, GitHub, Linux, Android Studio

• Core Concepts: OOPs, Full Stack Development, Machine Learning

EDUCATION

Galgotias University

Integrated BCA + MCA in Computer Science
2024 – 2029

CURRENT PROJECTS

Sarthx – AI-Powered Citizen Welfare Discovery Engine (In Progress)

• Building an AI-powered engine that helps citizens discover the government welfare schemes they are eligible for.

SafeHer – Android Development (In Progress)

• Developing an Android app focused on women's safety.

PROJECTS

Email Spam Detection Machine Learning

• Developed a machine learning-based spam email detection system using Python.

• Integrated GUI functionality using Tkinter for improved user interaction.

• Implemented classification logic to detect spam and non-spam emails.

Stopwatch Android App

• Developed an Android stopwatch application using Kotlin.

• Implemented start, pause, and reset functionalities with responsive UI.

• Focused on mobile application performance and clean design.

CERTIFICATIONS & WORKSHOPS

• Java Training Program – TCA Gurgaon

• C & C++ Programming Training Program – TCA Gurgaon

• Full Stack Using Java Training Program – TCA Gurgaon

• Database Programming with SQL – Oracle

• Linux Unhatched – Cisco Networking Academy

• Cyber Threat Management – Cisco Networking Academy

• MongoDB from Zero to CRUD – Hands-on Database Workshop

• Java Fundamentals – Oracle Academy

• Ethical Hacking & Cybersecurity Workshop

• AI Tools Workshop – be10X

• HCL GUVI Workshop

• Full Stack Web Development Internship – Jyesta Corporate Entity

• Decode The Code – IEEE Galgotias University

• Smart India Hackathon 2025 – Volunteer

ACHIEVEMENTS & ACTIVITIES

• Participated in Smart India Hackathon 2025 as Volunteer.

• Completed Full Stack Web Development Internship program.

• Built Android and Machine Learning projects using modern technologies.

• Actively learning Java Development, Cybersecurity, Linux, and Databases.
